Dear Sir:

Upon reviewing the above-identified patent, Patentee noted a typographical error which should be corrected.

In the Claims:

In Claim 1, column 5, lines 63-65 to column 5, midway through line 1, please delete the second entry of “~~wherein the abutment sleeve abuts the profiled journal or the component connected thereto with an axial distance from the ball groove run-outs in a region of the second portion of the profiled journal~~”. The error was not in the application as filed by applicant; accordingly no fee is required.

Applicants prepared and filed a Rule 312 amendment on April 9, 2010 to correct the error in claim 1 prior to issuance of the patent.

Transmitted herewith is a proposed Certificate of Correction effecting such amendment. Patentee respectfully solicits the granting of the requested Certificate of Correction.
